1. [] Ed Bauser, Staff Director of the Joint Committee on Atomic Energy, called and said that the materials we had sent him did not include the report he had in mind when he first contacted us. He went on to say that this was a report of an interview on the subject of the TOKAMAK research which was dated 8 January 1970. It became clear what Bauser had in mind was an [] [], of OSI, is getting a copy of this report for us.

4. [] Met with Mr. Boyd Crawford, Staff Administrator, House Committee on Foreign Affairs, who told me that he has received many compliments on the Director's presentation as a very informative and interesting briefing. The Chairman, in particular, was pleased with Mr. Helm's presentation and the reception given him by the Committee.

Mr. Crawford passed to me that Representative Lee Hamilton (D., Ind.) has called and requested the transcript to take home with him over the weekend. In keeping with my understanding with Mr. Crawford, he advised the Representative that the transcript will be made available in the Committee room at such time as will suit his (Representative Hamilton's) convenience. The Representative will call Mr. Crawford when he has time to come by the Committee room to review the transcript.

25X1 1. [] In connection with his earlier inquiry, I advised Jim Kendall, on the staff of the Senate Preparedness Subcommittee, that I was unable to verify in any way that the Agency had any verbal agreement for microfilm processing externally in the amount of \$100,000 per month. I told him that if he could get further information about this, I would be glad to check further on it. I added that most of the Agency's microfilm processing is done internally.

25X1 25X1C 2. [] Hand carried to the Joint Committee on Atomic Energy, an S&T report on Controlled Thermonuclear Reactions Research and a paper [] on the Soviet TOKAMAK research in response to a request from George Murphy.

25X1 3. [] Met with Bill Spell, formerly on the staff of Senator John O. Stennis (D., Miss.), and debriefed him on his compartmented clearances.

25X1 4. [] Mr. William M. Sullivan, who formerly was with the late Representative Glenard Lipscomb (R., Calif.) and now is with Representative William V. Roth (R., Del.), called to request subscriptions to two FBIS Area Books: Soviet Union, and Latin America and West Europe, to be sent to his attention, Room 508 Cannon House Office Building. He is aware that it will take a week to ten days before the subscriptions begin. [] FBIS, was advised. 25X1

25X1 5. [] Mr. LeKander, in the office of Representative Frank T. Bow (R., Ohio), called to request that we change the appointment for [] from Thursday, 25X1A 26 March, to sometime today because she was coming into town with [] who had an appointment with [] Office 25X1A of Personnel, at 2:00 p.m. today. 25X1 9. [] George Murphy, on the staff of the Joint Committee on Atomic Energy, called and asked if we could provide him with a copy of an information report which he understands the Agency has prepared on the Soviet controlled nuclear fusion device called TOKAMAK. Murphy understands that a report was published on this in January of this year. OSI is sending us a copy for Murphy.

25X1 10. [] In response to his request following the Director's briefing of the combined Senate CIA Subcommittees, I provided Bill Woodruff, on the Senate Appropriations Committee staff, with a copy of the Executive Order reestablishing the Presidents Foreign Advisory Board and a press release containing the names of the board members. Woodruff had asked that we give him this information for Senator Margaret Chase Smith (R., Maine).

25X1 11. [] Talked to Mr. Ragsdale, of the Alderson Stenographic Reporting Firm, concerning the security control to be maintained on the reporter's notes and transcript of the Director's appearance before the House Foreign Affairs Committee on Tuesday, 24 March. Mr. Ragsdale advised that each of his reporters and all but one of his transcribers hold Top Secret clearances with the Department of Defense and that his firm is under a written agreement with the Department of Defense in handling classified transcripts. He foresees no difficulty in meeting Agency requirements. After confirming the foregoing conversation with Boyd Crawford, Staff Administrator of House Foreign Affairs Committee, Mr. Ragsdale called me and advised that Miss Eleanor Goodman will be the reporter for tomorrow's hearing.

25X1 12. [] In response to his telephone request, I delivered the transcript of the Director's testimony of 2 March before the Senate Foreign Relations Committee to Art Kuhl. While I was with him, Mr. Kuhl called Jim Lowenstein's office and told his secretary that the transcript and the responses to the questions from the Chairman and Senator Case are now in the main Committee room where they will be retained. The transcript and question responses will be returned to the Agency at the end of the day.

25X1 6. [] Jim Kendall, on the staff of the Senate Preparedness Subcommittee, called to say that he was preparing answers for Senator Stennis to use on a radio program and would like our assistance on one having to do with U.S. citizens going to Cuba ostensibly to work in Castro's cane fields. Coupled with this is the question of whether these individuals are learning revolutionary tactics while in Cuba. Kendall is interested in knowing what the Government's position is on these people and what action, if any, will be taken upon their return. He recognized that this is not basically an Agency matter but said he would appreciate any help we would give him. I referred Kendall to a statement by Senator Eastland on the floor of the Senate on Monday on this very subject pointing out findings by the Senate Internal Security Subcommittee and its plans for further study of this question. I also arranged for Jack Leahy, of the State Department, to provide Kendall with a press statement made by State officials this week on the subject.

25X1 8. [] In response to his inquiry to Mr. Maury yesterday, I advised Jay Sourwine, on the Senate Internal Security Committee staff, that the "computerized list" to which he made reference was an all inclusive list from which it was virtually impossible to extract the information he requested since the list had not been programmed to obtain this result.

25X1 9. [] Hand carried to Bill Woodruff, on the staff of the Senate Appropriations Committee, a copy of the Director's prepared statement which the Director gave to the Senate Foreign Relations Committee last Friday. Woodruff is coordinating with Ed Braswell on the briefing of the combined Senate Subcommittees.

I briefed Woodruff on a number of current intelligence items.
See Memo for the Record for details.
